▲
Our living spaces are planned to enable easy interactions between the residents and keeps them connected. The design of the living, dining and kitchen spaces in our homes allows for a seamless engagement between the family members and the guests. The covered balcony is an extension of the living room and adds more space to the room.

aria heights

The Master Plan

▲ *aria heights*, the most celebrated sector of the community, enjoys the highest place in the entire SKYi Songbirds precinct. By virtue of the privileged space it occupies within the entire project, there's a host of natural benefits that flow out of it without any man-made interventions whatsoever.

The serene breeziness of the setting itself on account of the altitude it enjoys means you are guaranteed cooler-than-average temperatures at all times. The towers are thoughtfully oriented towards the east-west direction assuring every home of ideal ventilation and maximum sunlight. A cleverly designed vehicle-free green zone offers an immediate relief from the bustle of the city traffic. Toddlers' play zone, walking track and a huge central garden; you can say green comes in all shapes and sizes here. For we know that's what makes you really happy, *aria heights* is the veritable crowning glory of SKYi Songbirds. A vantage point from where you get a bird's eye view of the magnificent 45-acre township in lifesize grandeur!

FD - Future Development Under Planning Reserved For Proposed Bldg.

The Goodness of Green.

▲
aria heights, the sleekest structure in the Songbirds nest truly towers over it all. Whichever direction the balcony opens up to, you will be greeted by the most soothing expanse of green. Here, you can virtually feast your eyes upon tastefully landscaped verdant patches on all sides; the sprawling 7000 acres of National Defence Academy on one, and the majestic Sahyadris on the other. Somewhere in the distance, there's also Manas Lake, casting its benign presence upon this gorgeous scenery. It's what we call the Goodness of Green as far as the eyes can see. And only the privileged few who would make their homes here will be able to experience it.

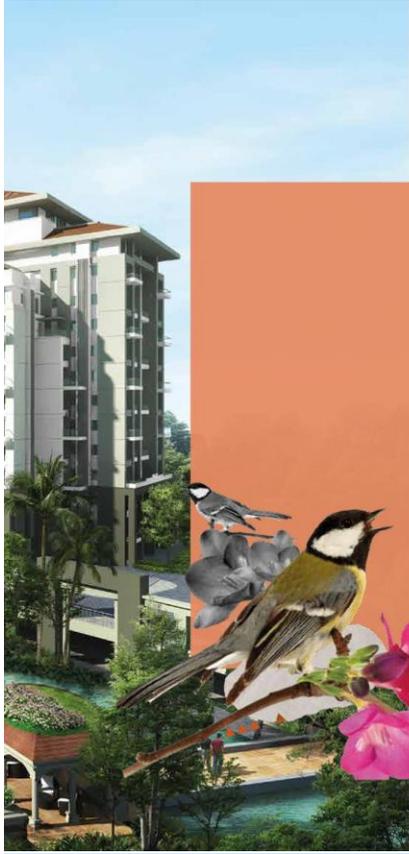

Everything you need,
a green patch away.

The SB Bazaar

▲ Forget having shops around you, there's a commercial complex lined up with a plethora of stores that will cater to each of your needs. It's called **The SB Bazaar!** Fresh veggies, delectable fruits, home essentials, you name it and The SB Bazaar has it. It's a marketplace built for a community that naturally expects everything to be within its bountiful bounds so they don't have to burn fuel for the smallest of needs.

Everything you would ever need is just a walk away and at SKYi Songbirds we do everything to even make that walk, a pleasure.

The world revolves
around you here.

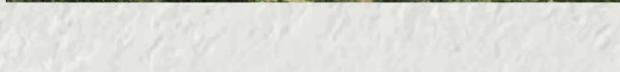

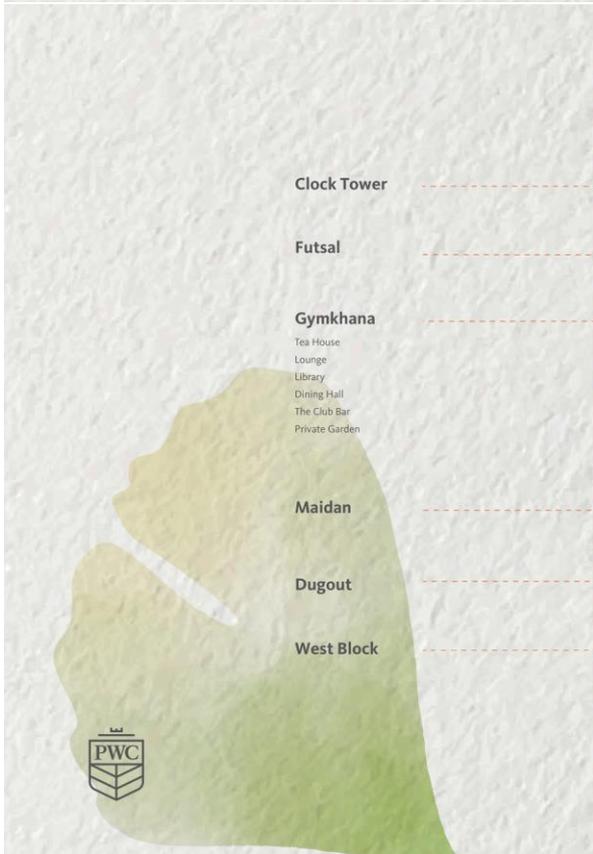

Central Garden

▲
At SKYI Songbirds, we have a central green patch that imbues you with a feeling of wholesomeness. Called the Central Garden, this space has something for everyone, be it a senior citizen, a kid full of life or just a seeker of fresh air. It has a wide walking track, a dedicated play area for toddlers and snug and homey spots for catching up with your friends.

—THE POONA—
WESTERN CLUB

Life At The PWC

Relinquish stress.
Unravel life's pleasures.

The Poona Western Club is built to cherish the finer side of life. Here, a cosmopolitan community comes together to partake of the benefits of sports, arts, culture, and music. Unwind your day by tiring yourself out at the sports complex, indulge in one of the best restaurants in the city serving tastiest cuisines from all around the world and enjoy live performances by enthralling artistes within the PWC's own space. This is the place you want to be. Forget Stress. Embrace the zest of life at The PWC.

SKYi Songbirds - Welcome to Nature's home.

Welcome to SKYi Songbirds, the place where nature feels at home. And here are three excellent reasons why we say so.

For starters, Songbirds sits at the foothills of the majestic Sahyadri range making this lush green community a singing address for over 51 different types of feathered friends. Enjoy the privilege of being woken up by chirps of the most exotic warblers who have chosen to make their nests here. In fact, birdwatching is so easy all you need to do is just walk over to your balcony to say a cute hi to your winged wonders.

Secondly, this township sprawls across 45 beautiful acres overlooking greenery on all sides. Whichever way your balcony opens out at Songbirds, you will be greeted by a verdant scene straight out of a nature documentary. There's Four Seasons at cheek by jowl distance, just a tad closer than the glorious Sahyadris.

Thirdly, all SKYi Songbirds homes are well lit and well ventilated. That's because, your township has 70% open space filled with parks, gardens and exotic birds, with cosy places to cherish them. You will find nature at its absolute best here. In short, here's a place you will never feel locked down or hemmed in.
